EDUCATION

- **Dharmsinh Desai University** 2022-2026
Bachelor of Technology in Information and Technology CPI: 8.73
- **Purohit Science School, Jamnagar** 2022
HSC Percentile: 96.60
- **Shri L. G. Haria School, Jamnagar** 2020
SSC Percentile: 98.94

TECHNICAL SKILLS

- **Languages:** Java, JavaScript, C++, C
- **Developer Tools:** IntelliJ IDEA, Postman, VS Code, Git
- **Web Development:** Spring Boot, Spring MVC, Node.js, Express.js, React.js, Tailwind CSS
- **Databases:** PostgreSQL, MySQL, MongoDB, Hibernate (ORM)
- **Coursework:** Data Structures and Algorithms, Object-Oriented Programming, Database Management Systems, Design Patterns, Software Engineering

PROJECTS

- **Blog Nest** 🔄
[Java, Spring Boot, React.JS, MySQL]
 - Developed a blog platform allowing users to create, edit, and manage blog posts with category-based organization.
 - Implemented user authentication and comment management, enabling interactive discussions on posts.
 - Integrated pagination with sorting options for efficient content browsing and enhanced user experience.
- **Sync Editor** 🔄
[React.JS, Quill.JS, Socket.io, Express.JS, MongoDB]
 - Built a real-time collaborative document editor enabling multiple users to edit synchronously.
 - Implemented room-based document sharing with support for text formatting (bold, italics, underline, color).
 - Allowed users to upload Word files, edit content, and export documents as Word or PDF.
 - Displayed names of connected users adjacent to the working file for better collaboration.
- **CrowdFundingWeb3** 🔄
[React.JS, Solidity, thirdweb]
 - Built a decentralized crowdfunding platform allowing users to create campaigns and donate using Sepolia ETH (testnet).
 - Integrated MetaMask for secure authentication and seamless blockchain-based transactions.

ACHIEVEMENTS

- **DUHacks 4.0** Built a decentralized crowdfunding platform in a 36-hour GDSC DDU hackathon, integrating MetaMask authentication and Sepolia ETH donations. February 2025
- **200 Days LeetCode** Completed 200 days of coding on LeetCode, demonstrating commitment to algorithmic problem-solving. August 2024
- **Final Round - Odoo Hackathon** Reached the final round among the top 150 teams, showcasing strong web development skills. July 2024
